# UV TECHNOLOGY FOR PURE WATER, SURFACES AND AIR

## What do Alpha-Purify customers say?

The quality of their ultraviolet lamps and customer service over the years has exceeded our expectations and led us to become one of the market leaders in the UV purification industry.

**Radoslaw Sadowski, General Director, F.H.U. RAAN-UV SYSTEMS**

We are very pleased with the lamps that we have received from Alpha-Purify. They work exceptionally well, and their design is definitely better than the competitor lamps we have been buying up until now.

**Sales Engineer, International UV Disinfection Technology Company**
